

# PRESENTATION

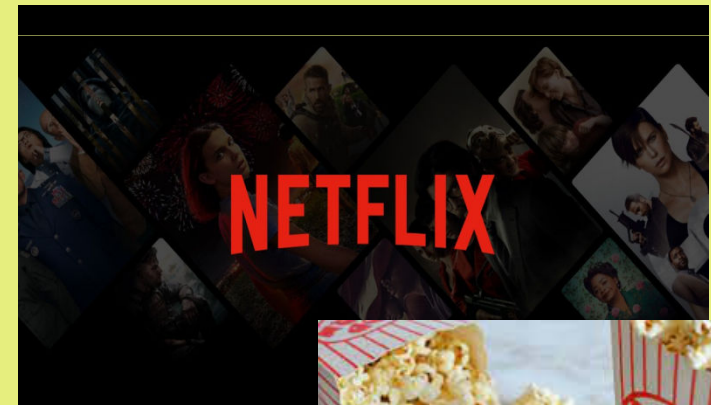

My name is Konstantina, I'm 16 years old and I live in Katerini, a small town in Greece.

As a person, I'm extrovert, friendly, sociable and quite stubborn. I like learning, meeting new people and trying new things. I have 2 younger siblings, a brother and a sister.

In my free time, I prefer watching movies, shopping and spending time with my friends.

I don't really have a favorite food but I guess I could say pasta. My 2 favorite colors are Lilac and pale blue and if I had to choose the subject I like the most, I would say biology.

I believe that this travel will be a great experience. We will learn about a different culture, their customs and traditions, and the most important, we will make some new friends.
